U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On October 26, 1975
- Export shipments in
Current Marketing Year
- Daily Sales reported
October 27 - November 4, 1975

-- As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of November 6, 1975 (based on reports from exporters during the week ending October 26, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 804,200 metric tons (MT), bringing this year's total commitment to 19.4 million MT, compared with 22.3 million MT in 1974/75. Outstanding sales are currently 41 percent below last year's 12.7 million MT level as of 10/27/74, but shipments to date are 25 percent higher than those of last year. Shipments have averaged some 700,000 MT per week through the first 17 weeks of 1975/76, compared with an average of only 560,000 MT during the comparable period last year.

Commitments to unknown destinations declined by 136,600 MT, but were more than offset by higher commitments to the U.S.S.R. (163,700 MT), India (538,500 MT), and several Latin American countries totaling 146,500 MT; 254,000 MT of the higher commitment to India was reported last week under the daily reporting system. Despite this year's projected near-record Indian wheat harvest, imports from all sources appear likely to approximate last year's 5.0 million MT, apparently to help replenish stocks depleted during the past 3 years. U.S. commitments to India currently total 3.2 million MT, or 45 percent more than commitments at this time last year.

Feedgrains: The apparent export commitment increased by 1,630,900 MT to a total of 16.7 million MT. Corn commitments increased by 1,592,100 MT, largely on the basis of a larger commitment to the U.S.S.R. of 1,083,600 MT, increased commitments to unknown destinations of 169,400 MT and to several West European countries totaling 119,900 MT. In addition, optional origin sales to the U.S.S.R. increased by 1,243,000 MT, mostly because previously reported optional origin barley sales of 1.1 million MT were apparently switched to optional origin corn sales. Including optional origin sales, total commitments of U.S. corn to the U.S.S.R. have therefore increased by 2,326,000 MT. The apparent export commitment of oats to the USSR for the current marketing year rose to 70,100 MT, largely offset by a decline to unknown destinations.

Since October 26, a corn sale of 400,000 MT to the U.S.S.R. for January-June 1976 delivery was reported under the daily reporting system. Two sorghum sales to Japan totaling 538,000 MT were also reported: 355,000 MT for January-September 1976 delivery and 183,000 MT for October-December 1976 delivery.

Soybeans: The apparent export commitment for 1975/76 increased by 119,400 MT, primarily reflecting increased commitments to the EC, Spain, the Republic of China (Taiwan), and Japan. Commitments to unknown destinations decreased. Exports during the week totaled 378,600 MT; primarily to the EC (175,800 MT), Japan (134,200 MT), Spain (33,800 MT), and the Republic of China (Taiwan) (26,300 MT).

Between October 1 and November 3, soybean prices (Chicago #1 yellow) have declined continuously from \$5.57 per bushel to \$4.51 per bushel. The decline of almost 20 percent is attributable in part to increased supplies during the harvest season.

Soybean Oil/Cottonseed Oil: The apparent export commitment for soybean oil in 1975/76 increased by 2,600 MT. Exports during the week jumped to 9,400 MT, the major taker being Iran (5,500 MT). The apparent export commitment for cottonseed oil in 1975/76 increased by 26,500 MT, primarily reflecting increased commitments to Egypt, the Netherlands and unknown destinations.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 increased by 41,800 MT, primarily reflecting increased commitments to the EC, Czechoslovakia, Poland, and Canada. Commitments to unknown destinations decreased. Exports during the week totaled 75,500 MT, the largest volume shipped so far this marketing year. Major takers were the Netherlands (31,200 MT), Poland (10,400 MT), and Czechoslovakia (10,200 MT).

Cotton: The apparent export commitment for Upland cotton in 1975/76 increased by 30,000 running bales (RB), the second largest weekly increase of the season, as new sales were recorded to Bangladesh (15,000 RB) and the Republic of Korea (16,500 RB). At 52,000 RB, exports of Upland cotton were well above the 39,000 RB per week average of the first 12 weeks of 1974/75.

Mill activity in Western Europe continues at a low level, Middle Eastern and Russian cotton remain the most actively traded growths in both Europe and Asia.
